#### Safety data

Labeling according to EC directives: not relevant

#### Shelf life and Storage

12 months under proper storage conditions

Ensure that bags are well sealed completely under a cool and dry location because SAP is hygroscopic

#### Packaging

20kg Paper bag

800kg Bulk Bag

#### Applications

This superabsorbent is specifically designed to use in conventional baby diapers and adult incontinence articles. It is particularly recommended to use NR®760H grade to optimize the performance of hygiene articles that contain a lower to moderately high superabsorbents concentration within the absorbent core

The above results have been obtained from trials in our laboratory and plant. In the light of changing conditions they can serve only as a guide and are therefore offered without obligation. We ask you to observe the possible rights of third parties
